9. Public comments were offered. Lisa Doering commented on the fact that there are several campaign signs and flags still up in yards in the township and she was questioning why there is no time limit on the removal of these campaign items since the election is long over. Attorney Redick explained that the township is not required to set a time frame for their removal and by doing so we could face residents challenging it based on the First Amendment. The State has a 10-day removal policy for anything on MDOT road right-of-ways. Ms. Doering stated that Spring Lake Township recently placed a time frame for removal of campaign signs and she is requesting that Crockery Township adopt the same language as the State of Michigan and that we send a reminder letter to those residents who are in violation of the 10-day limit. She also suggested that the township have a penalty fee in place for those that do not comply. No Board member was in agreement of taking any action on Ms. Doering's request at this time.
10. Supervisor's comments/correspondence was offered. Supervisor Erhorn received correspondence from Misty Hearth, a Grand River Landing lot owner. Ms. Hearth is questioning if the hydro study is done and the State then allows sheds and decks, will the township also allow the shed and decks to remain. Attorney Redick stated that the position the Township has taken is that if EGLE/FEMA allow it then the Township will. Supervisor Erhorn stated that he

will check with Doug Hopkins, the Building Inspector to see if permits or anything further will be required at the Township level.

The department is still reviewing the best time frame for the bid process especially due to Covid-19. Firefighter Jesse Baxter has submitted his resignation from the department.
14. Attorney's report was offered. Attorney Redick informed the Board that the Michigan Department of Health and Human Services (MDHHS) has prohibited municipal in-person meetings through March 29th.
